

First and last name: Karlen Alvarado.

Bio:

I connect people with properties that inspire their vision of life—not only for what they are, but for what they awaken.

As the founder of Golden Jaguar Realty® and Costa Rica Exclusiva Magazine, I partner with vision-driven local and international clients seeking spaces and experiences that reflect their values, helping them create a life aligned with purpose.

At Golden Jaguar Realty, we choose every home with intention, focusing on how it makes people feel and its alignment with their future. Beyond traditional buying and selling, I lead our brand's strategy and build trusted partnerships with architects, attorneys, and developers to ensure a seamless, secure experience.

Complementing this, Costa Rica Exclusiva Magazine serves as a digital concierge platform showcasing the design, culture, and lifestyle of this extraordinary country. Whether providing an exceptional home or curated recommendations, our goal is to guide you into your next chapter with intention.
